& Associates, Inc.**

Your Insurance & Financial Gatekeeper for the 21st Century

**Remember the Financial Hurricane...
How have I done so far
on my forecast?**

Patrick H. Allen, III.
Founder/President

- The storm is right overhead and the longer it hangs there, the more damage it will do. It is not going to move on any time soon!
- We now also know that help is not on the way and that we are all on our own!
 - Your clients and potential client's are on their own also!
 - But they still have you along with life insurance, annuities and long term care!

Be thankful that we are in the business we are in and able to help people in these challenging times!
